

# APPROPRIATE BODY SERVICES 2023/24

Leicestershire & Rutland Teaching School Hub can provide appropriate body services for any ECT commencing their two-year induction on **any** of the ECF programmes.

As your appropriate body, we will work with you throughout the two-year induction, to assess that the ECT has been given their statutory entitlements, and that the ECT has performed suitably against the teaching standards.

We will also quality assure that the ECT has been given an induction programme that is rooted in the [Early Career Framework \(ECF\)](#).

**As an appropriate body  
we have two key roles:**

- Monitoring of support
- Monitoring of assessment

*Learn. Develop. Thrive*
