

## Ready for Reading? Pre-phonics training for EYFS 1 day course with Emma Spiers

With an emphasis on high expectations in Phonics outcomes in our schools, it is more important than ever that our youngest children are well prepared at the pre-school stage. As a result, this Ready for Reading training is much requested and is in HIGH DEMAND!

This highly practical course will provide you with heaps of practical ideas and simple suggestions that you can implement straight away. In fact, it's essential training for anybody working with this pre-school age group, regardless to the Systematic Synthetic Phonics Programme introduced later on. Attendees will join in with lots of stories, songs and games, as well as having time to share ideas with colleagues and tap into the experience of an expert.

You will learn:

- What comes before Phonics and why
- Where visual discrimination and visual memory fit into the wider phonics picture
- How to help children achieve essential attention and listening skills
- Why warming up our voices is a critical skill
- How to teach rhyme and rhythm effectively, and how this supports learning later
- What phonemic awareness is and how to teach it
- When to introduce Phonics and how to assess pre-phonetic development

This CPD will be perfect for you if you:

- Support children in Reception who have pre-phonics gaps
- Need some fresh ideas for supporting children within Letters and Sounds Phase 1
- Teach Nursery/Preschool age children and want to build a strong foundation
- Are going to be working on Letters and Sounds Phase 1 but don't know where to start
- Work as an EYFS / English Leader in a School, Pre-school, or Nursery
- Are an ECT or RQT in Nursery or Reception

All resources for this event will be available to download beforehand and bring along. These will be sent in advance, so you'll have everything to hand before the session begins. Your resource package will include heaps of links to helpful resources that you'll be able to use straight away in your school, including:

- Practical activities and resources that you'll be able to use in your classroom
- Really useful, up-to-date book lists of recommended reads to share with your children and colleagues
- Progression recommendations, example plans and assessment ideas to explore
- Slides and handouts to follow along.
